

Gold Coast University Hospital Protecta Panels™

Three and a half kilometres of Protecta Panels™ were ordered for the University Hospital Project on the Gold Coast, Queensland. The project, to be constructed by Bovis Lend Lease, is part of a major Queensland health infrastructure package supported by State and Federal Government totalling A\$1.55 billion.

Project: Gold Coast University Hospital

Location: Southport, Gold Coast, Queensland

Client: Bovis Lend Lease

Products: Protecta Panels™

Project Value: A\$1.55 billion

Completion: Due 2012

The nine-level, 750-bed hospital will be constructed adjacent to the Griffith University Gold Coast campus and will form an integral part of a new hospital and knowledge precinct planned for Southport. The hospital will provide an expanded range and superior level of complex care to its patients, delivering specialist:

- Cancer services
- Cardiac services
- Neurosciences
- Trauma care
- Neonatal intensive care

Bovis Lend Lease are dedicated to providing a safe working environment and are advocates of the Protecta Panels™ system – which is supplied to them in their corporate blue colour complete with Bovis Lend Lease branding.

The Bovis Lend Lease Safety Team, found Protecta Panels™ to be most suitable, meeting project needs.

The Protecta Panels™ system provides an excellent delineation between work area and pedestrian area, protecting both the public and site workers.

Project Managers and OH&S Managers can rely on Protecta Panels™ because they are rigid and sturdy, and require very little, if any, maintenance to sustain safe working standards.

Protecta Panels™ are also suitable to use as pedestrian barricades and delineators for crowd control, hazard warnings, traffic and parking control, erosion control and as temporary gates.

This is the sixth major project where Bovis Lend Lease have used the Protecta Panels™ system. Danley® has previously supplied the system to Bovis Lend Lease for projects as varied as infrastructure road works, shopping centres and hospitals Australia-wide.
